MAJOR CHAS. W. LEE.
In the nomination of Major Chas. W. Lee the Columbus convention made no mistake. He is a man well worthy the nomination and the support of the people of the district. A man who enlisted in the union army in 1861 and for four years and eight months did service for his country on southern battle fields. Since the war he has continued to battle for the right as a minister and as a patriotic citizen. His work and worth are well known throughout the district. He is an able man, well informed on the issues that will be discussed in this campaign. A ready and pleasing speaker, one whose earnestness and sincerity impress themselves on his hearers. He is a sincere republican and has long been identified with the party as an efficient worker, is a superior campaigner and wins and holds friends wherever he goes. He has all the elements of strength and the wisdom of the convention that nominated him will be proved when the votes are cast and counted on August 10.
A POPULAR MAN.
The name of Rev. Charles W. Lee, a well known retired M. E. minister, will be presented to the convention at Columbus for the republican nomination for congress. Charlie Lee is an old Third cavalry boy, and one of the most popular men in all Hoosierdom. If he is honored with the nomination he will make it warm for Francis Marion in his own county, as well as in old Jefferson and all over the district.—Madison Courier.
POLITICAL BREVITIES.
Ex-Governor Matthews says he will not oppose Senator Turpie for the United States senate, should the state desire a reelection.
Allen W. Clark, of Greensburg, has been made permanent secretary of the Ohio Valley Bimetallist League now in session at Cincinnati.
U. M. Browder has been nominated for congress by Fourth district Populists. The democrats do not seem to be absolutely happy over it, because they want and need the Populist votes.—Rushville Republican.
Editorial Change.
With this week's issue J. H. McGuire assumes editorial control of the Vernon Journal.
BORN.
A son was born to Carter Phyley and wife, of near Cortland, Tuesday June 22, 1897.
A daughter was born to G. M. Russell and wife Tuesday June 22, 1897.

HESITATE NO LONGER.
Modesty in women is natural. It is one of women's chief charms. No one cares for one who really lacks this essential to womanliness.
Women have suffered fearfully because of over-sensitiveness in this direction. They could not say to the physician what they ought to say to someone.
Mrs. Pinkham has received the confidence of thousands.
Women open their hearts to her. She understands their suffering, and has the power to relieve and cure.
In nearly all cases the source of women's suffering is in the womb. In many cases the male physician does not understand the case and treats the patient for consumption—indigestion—anything but the right thing.
It is under such circumstances that thousands of women have turned to Mrs. Pinkham, at Lynn, Mass., and opened their heart and lives—woman to woman—and received her help.
You ask how she can tell if the doctor treated so many cases and possesses such vast experience.
Displacement, inflammation, torpid action, stagnation, sends to all parts of the body the pains that crush you.
Lydia E. Pinkham's "Vegetable Compound" is the cure cure for this trouble. For twenty years it has done its grand work and cured thousands.

INDIANA'S LAWYERS
State Bar Association in Session at Indianapolis.
REFORMATORY IMPROVEMENTS
Postmaster Seared Out of a Town by Whitecaps—Acquitted of Arson—Body Found Floating in the River—County Treasurer Krumler Tired of Holding Office—Blind Fourteen Years.
INDIANAPOLIS, June 23.—The annual meeting of the Indiana Bar association was held today in the house of representatives chamber at the statehouse. Ex-President Harrison presided and delivered an address. Following General Harrison, Hon. Lawrence Maxwell, Jr., of Cincinnati, solicitor general under President Cleveland, spoke upon "Law as a Science." John G. Williams delivered an address in honor of the memory of the late Senator Voorhees, and Robert S. Taylor, of Fort Wayne spoke on the "Inherent Functions of Growth in Common Law." A banquet will be held tonight.
TREASURER KUMLER.
He Loves His Farm Better Than a County Office.
ROCHESTER, Ind., June 23.—Fulton county enjoys the distinction of having an officer who is tired of public office. John J. Krumler was nominated for county treasurer by the Republicans in 1894 without solicitation on his part, and during the campaign he did not ask anyone to vote for him and refused to assist in the campaign work. He spent election day husking corn and expressed disappointment when informed he was elected. When the time drew near for taking office he created consternation by declaring he would not take the place. Delegations were sent to plead with him to change his determination, without avail. Two days before he was to take office he prepared to go to Ohio on a visit. Citizens met him at the depot and presented him with a \$300.00 bond, and he surrendered. The last legislature fixed Jan. 1 as the time for treasurer's terms to begin, thus lengthening Krumler's term four months. He has now notified his successor to be ready to take charge at the end of the original term, as he wants to go back to his farm and is tired of office. He has made a splendid officer.
REFORMATORY IMPROVEMENTS.
Governor Decides Those Recommended by the Board are Needed.
INDIANAPOLIS, June 23.—Governor Mount on his return from Jeffersonville is quoted as saying that after looking over the reformatory he is convinced that much of the improvement contemplated by the board is needed, and that he would give his consent to the expenditures so far as necessary at this time. The governor, it is said, has decided to grant the request of the board and allow it to pay the salaries out of the earnings in order that the remainder of the old appropriation may be available for repairs and the improvements contemplated.
NOTICE OF DISCHARGE.
Glasschimey Factories Notify Their Men of a Shut Down.
ELWOOD, Ind., June 23.—The managers of all the glasschimey factories west of Pittsburg have given notice on their pay envelopes to employees that they may consider themselves discharged on the 30th inst., the time for the summer shut down, and that no application for employment will be considered until the new wage scale is arranged. The employees are wondering what this means.
Floating in the River.
ALBANY, Ind., June 23.—The corpse of an unknown man was found in the river below this city. The remains were badly decomposed and were buried. A gold watch was found in one of the pockets, but nothing to indicate the man's name except a scrap of paper with the words, "E. H. Werner and Louisville" written on it.
Was Blind Fourteen Years.
ST. PAUL, Ind., June 23.—Theodore Eck, 50 years old, has had his sight restored after being totally blind for nearly 14 years. Sometime ago the old man underwent an operation for a cataract, which proved to be successful. He is now able to see as well as he could 50 years ago.
Assaulted by His Cousin.
ELWOOD, Ind., June 23.—Eber Noble's 14-year-old son lies at death's door with no hope of recovery, the result of a blow on the back of the head inflicted by his cousin, a son of Isaac Goodman. His skull is crushed, his cousin striking him with a gun barrel.
Work for the Idle.
FRANKLIN, Ind., June 23.—Many persons who have been idle have at last been enabled to secure employment. The canning factory has begun operation with a force of 300 employees. The Greenwood and Whitehead factories have also begun work.
Seared Out by Whitecaps.
ENGLISH, Ind., June 23.—Frank Colgate, the postmaster at Magnolia, who appealed to Governor Mount for protection against "whitecaps and knaves of the Golden Circle," has removed with his family to Tennessee.
Acquitted of Arson.
BRYANT, Ind., June 23.—Sylvester Miller, who has been on trial for a week charged with arson, was acquitted yesterday. It was charged that he burned his house in order to obtain \$2,000 insurance.
Boiler-house Burned.
PORTLAND, Ind., June 23.—The power and boilerhouse on the Haltermann lease, in Jackson township, operated by McFadden Brothers, burned from an overheated flue.

SUNDAY EXCURSIONS.
Cincinnati Finds Them Very Profitable.
Every Sunday morning coming up Central avenue from the Grand Central depot there is a perfect stream of humanity that begins to pour into the city from 8 o'clock in the morning and with out any cessation, continues until noon. It is the Sunday excursionists from surrounding cities who avail themselves of the one dollar excursions run by the railroads into Cincinnati every Sunday. This business has now developed into such proportions that an average of 10,000 visitors are brought in every Sunday. It is estimated that the average money spent by each person would be \$2. Consequently \$20,000 is left behind in Cincinnati every Sunday in the money drawers of the hotels, restaurants and amusement resorts. The idea of running these cheap Sunday excursions originated in the mind of Passenger Traffic Manager E. O. McCormick of the Big Four about three years ago and the other roads were quick to follow suit. The excursions are run from Indianapolis, Dayton, Middletown, Marion, O., Springfield, Columbus, Lexington, Ky., Louisville and intermediate stations. They are extremely beneficial to Cincinnati and also profitable to the railroads at the low rate provided the passengers are carried without accident, but one passenger injured means a damage suit, which would cut down the earnings of the road and cause a loss on the business handled.—Time Star.
A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., writes: "I have never before given a testimonial in my life. But I will say that for three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by C. W. Milhous.
Good Printing.
Does not always mean expensive printing, but cheap printing generally means poor printing.
There is such a thing as getting good printing at moderately reasonable prices. The place to get that kind of work at that kind of a price is at The Seymour Republican.
"There's no use in talking," says W. H. Broadwell, druggist, La Cygne, Kas., "Chamberlain's Colic, Cholera and Diarrhoea Remedy does the work. After taking medicines of my own preparation and those of others I took a dose of Chamberlain's and it helped me; a second dose cured me. Candidly and conscientiously I can recommend it as the best thing on the market." The 25 and 50 cent sizes for sale by C. W. Milhous.

The Daily REPUBLICAN

Weekly

Have no Equal for Advertising in Seymour or Jackson County.

John B. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John B. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Excursion to Seashore Resorts.
In July and August special low rate excursions to Atlantic City, Cape May and leading resorts along the New Jersey coast will be run via Pennsylvania Lines. For details apply to W. W. Richardson, District Passenger Agent, Indianapolis.

The very low rate of one cent per mile each way will be in effect on all parts of its system and the service through train service to Buffalo from Peoria, St. Louis, Louisville, Indianapolis, Cincinnati, Dayton, Springfield, Columbus and intermediate points via Cleveland, or via Toledo and Detroit has placed the "Big Four" in the lead. Full information will be cheerfully given by any agent upon application.

HAVANA, June 23.—Captain General Weyler has sailed for Sagna la Grande, province of Santa Clara, on board the Spanish cruiser Hernan Cortes. From Sagna he will go to Cienfuegos, Manzanilla, province of Santiago de Cuba, having previously sent a strong force of cavalry and other troops to that part of the island in order to commence operations against the insurgents in the east and in the province of Puerto Principe.

The Spanish gunboat Rein Cristina, while reconnoitering the river Saint Anne with her boats, had her sailors fired upon by a force of insurgents. The gunboat was compelled to land a force of marines who dislodged the insurgents at the point of the bayonet, according to the official report, with loss of life not stated on both sides.

The Spanish gunboat Cuba Espanola, acting in conjunction with a detachment of Spanish troops, whose landing she protected with the fire of her guns, has defeated an insurgent force in the vicinity of Campehuola.

BIG MORTGAGE.
Chicago, Indianapolis and Louisville Road Files One For \$15,000,000.
LOUISVILLE, June 23.—The Chicago, Indianapolis and Louisville Railway company yesterday recorded a mortgage for about \$15,000,000 worth of refunding bonds issued to the Central Trust company of New York and James Murdoch, trustees for the bondholders. This was done under the reorganization of the new road for the purpose of taking up outstanding bonds not covered by the foreclosure. A similar mortgage is being filed in each of the counties through which the road runs, as required by law.

OUT OF JAIL.
Five Men Kick a Hole In the Wall and Escape.
PARKERSBURG, W. Va., June 23.—Five prisoners succeeded in getting out of jail here yesterday, but only three got away. Cole Hissam and Frank Varner, United States prisoners, sentenced to one year each in the penitentiary, and Kludell, a fugitive from justice in Ohio, made good their escape. Frank Dulin, sentenced to three years in the penitentiary for killing Fonderhouse, awaiting a decision of the supreme court, and Ben Butcher, got out but didn't go. Dulin went over to a saloon and got drunk and told the police. This is the second delivery this year. The prisoners kicked a hole in the wall as before.

Won the Suburban Stakes.
NEW YORK, June 23.—Michael F. Dwyer carried off the great race of the year yesterday, the suburban, with his son of Brabant, Ben Brush, in the fast time of 2:07 1/5. It was a victory for the favorite, and consequently a popular one, and as far as could be seen, was a true run race. The attendance was fully 20,000 and from the shout that went up when Ben Brush landed the race and Simms was hoisted into the floral jockey's chair, it would seem as if all had backed the winner.

Brewer in Trouble.
ZANESVILLE, O., June 23.—Deputy United States Marshal Farley arrested Simon Linser, a brewer here, on the charge of defrauding the government by re-using revenue stamps that have already been used and also of taking stamps off packages with intent to use them again in violation of the law. The case will come up for hearing before Commissioner Johnson at Columbus today.

TALKING ABOUT WOOL

Disagreement Among the Republicans Is Developed In Debate.

SENATOR FORAKER'S CHARGES.

Ohio Man Says There Was an Agreement That Is Being Violated—Teller Will Not Vote Unless Objectionable Features are Eliminated—Secretary Long on the Carter Courtmartial.

WASHINGTON, June 23.—An exciting debate marked the consideration of the wool schedule which began in the senate yesterday. It developed the first serious disagreement on the Republican side of the chamber and led to a warm personal exchange between Senators Carter (Mon.) and Foraker (O.) on one hand, and Mr. Allison (Ia.), in charge of the bill, on the other. Mr. Foraker asserted that an agreement concerning rates on certain wools was being violated and that under such circumstances every senator would be free to act for himself. Mr. Allison, with great vehemence declared that he could not be driven by threats. Mr. Carter, who had aroused the storm, endeavored to have the paragraphs relating to wool carpets go over, with a view to securing some united action, but Mr. Vest, in an ironical speech, objected to delaying the era of prosperity and postponing the public business while Republican senators held a caucus. Mr. Teller (Col.) also spoke against delay and took occasion to say he would not vote for the bill unless objectionable features were eliminated. Aside from this stormy interruption fair progress was made on the wool schedule. The duty on first class wool was agreed to at 10 cents per pound and on second class wool 11 cents, which is between the house and senate rates in each case. The rates on third class wools went over. Most of the other amendments related to the classification of wools. On one of the amendments Mr. Jones (Ark.) spoke against the entire schedule as severely oppressive on the consumers of wool goods.

CARTER COURT-MARTIAL.

Secretary Long Disapproves of the Findings in Strong Language.

WASHINGTON, June 23.—Secretary Long has disapproved of the findings of the courtmartial in the case of Lieutenant Fidelio S. Carter of the ship Independence at Mare Island navy yard, California. Lieutenant Carter was accused of sending a letter to a civilian threatening that if he did not withdraw a letter which the lieutenant erroneously supposed had been sent to the navy department making charges against the officer, the latter would have his son arrested and tried for fraud. The court acquitted the officer, but the secretary holds that the effect of this action is to constitute a declaration that the writing of such letters does not constitute conduct unbecoming an officer and a gentleman and scandalous conduct. A covert threat to use knowledge of wrongdoing of a subordinate to shield or promote one's own interest, he says, is most reprehensible and unbecoming, wherefore the findings of the court are disapproved.

No Protest From Portugal or China.

WASHINGTON, June 23.—Neither the Chinese nor the Portuguese minister has made a protest the Hawaiian treaty of annexation. Viscount De Santa Thyrso, the Portuguese minister, says he sees no possible reason why Portugal should lodge a protest against the treaty. The Chinese minister is inclined to think that the clause in the treaty excluding the islands is unnecessary as the exclusion act would apply to them if our jurisdiction were extended to Hawaii. China has assented to the policy of exclusion and he sees no necessity for comment on that score. There are about 25,000 Chinese in Hawaii.

Major Davidson Delivers His Message.

WASHINGTON, June 23.—A dozen tired young men riding bikes stopped in front of the war department building late yesterday and the leader, Major R. P. Davidson, dismounted and entered the department and presented to Secretary Alger a message which had been delivered to him just 11 days and 6 hours before in the city of Chicago by General Brooke, commanding the department of the Missouri. The youngsters had covered the distance of 850 miles on their wheels. Great difficulty was experienced in passing over the mountains at this season, but on the whole the trip was successful as a military exploit.

Cabinet Meeting.

WASHINGTON, June 23.—The cabinet talked for fully two hours yesterday, most of the time on questions of foreign

policy. Hawaii and annexation were discussed at length and especially the protest filed the other day by the Japanese minister against the pending annexation treaty. The protest is not given very much weight by the administration for the reason that in the estimation of the cabinet it is based upon a misconception of the terms of the treaty and of the results that would follow the substitution of the laws of the United States for the Hawaiian laws and treaties.

Calhoun Offered a Position.

WASHINGTON, June 23.—W. J. Calhoun of Danville, Ill., late the commissioner to Cuba, has been offered a position in the treasury department. He probably will accept the appointment. Mr. Calhoun has finished the preparation of his report to the state department and expects to leave Washington for his home in Danville today.

AMERICAN'S IMPRESSIONS.

Channey Depew Writes of the Queen's Jubilee Procession.

LONDON, June 23.—Channey Depew, who witnessed the queen's jubilee procession, as a guest of Baroness Burdett-Coutts, gives his impressions in part as follows: "The diamond jubilee procession has passed, and has left a lasting impression. Its preparation required 60 years and it was over in 60 minutes. Pride, power and adoration were its characteristics. Pride in the imperial position of Great Britain in the world, and exhibition of power which inspires this national exaltation and fervid loyalty in action, expression and thought for the queen. "As to the pageant it was dramatic and historic. The lord mayor, in his robes of office, meeting the sovereign at the city gates, recalled the early suggestion of liberty, in the privileges won from kings by free cities, and the sheriff in medieval costume escorting the monarch within his hall, gave a glimpse of the origin and recognition of civil rights to the throne. "But the concentrated and irrepressible joy and pride which preceded, accompanied and followed the queen like a resplendent torrent surpassed anything ever witnessed before. Though many races and many tongues participated, the dominant and absorbing expression was English, and the glory was England's. Peers and commoners, masters and workmen, millionaires and the humblest were welded by a tremendous force. This concentration of the earth into one wild, frantic mass of patriotic enthusiasm had an effect upon observers which can be likened to nothing so much as to the north and south electrified by the first gun fired at Fort Sumter."

OHIO REPUBLICANS.

Kurtz Concedes Dick's Election to the State Campaign Chairmanship.

TOLEDO, June 23.—The Ohio Republican state convention assembled here yesterday was continued today. The occasion has been one of bitter factional fighting for two days. There is no opposition to the endorsement of Senator M. A. Hanna for both the long and the short terms as senator, and there is no opposition to the renomination of Governor Bushnell and other state officers who have had only one term. The contest has been on the state campaign chairmanship. Senator Hanna wanted Major Charles F. W. Dick, secretary of the national committee, for this place. Governor Bushnell and other state officers wanted Chairman Charles L. Kurtz, who has managed the past two campaigns, retained in that place. Senator Foraker was not here, but it is known that he supported Governor Bushnell and Chairman Kurtz as strongly as possible by wire. The contending factions carried their claims into the meetings of the delegates by congressional districts yesterday and Mr. Hanna won more than two to one. He controlled the district meetings and the convention more firmly than the St. Louis convention last year. Major Dick claims the committee from 15 of the 21 congressional districts with two districts contested and four districts conceded to Kurtz. The Kurtz men concede their defeat but claim eight out of the 21 committee seats. Senator Hanna and Governor Bushnell have had conferences last night. While the governor regrets the defeat of Chairman Kurtz, he will not decline renomination.

He Received a Great Reception at Cincinnati.

CINCINNATI, June 23.—Hon. William Jennings Bryan spoke to the Bimetallist league at Pike's opera-house. His reception was one long protracted deafening roar of enthusiasm. Mr. Bryan said he was not there to speak, but to exhort. What he wanted was organization and agitation until bimetalism triumphed. After his speech he had to go through a short season of handshaking.

The message of notification expresses the desire to recognize "his high attainments in literature and in the sciences of finance and of social and political economy, culminating in the high office wherein his wisdom commands a nation's trust."

SAILORS IN THE NAVY

Effort Being Made to Americanize the Naval Force.

THIRTY PER CENT FOREIGNERS.

Twenty Per Cent of the Americans are Naturalized Citizens—Seven New Gunboats Out of Commission For Lack of Seamen—Enlisted Force Amounts to Ten Thousand.

WASHINGTON, June 23.—While no complete canvass has been made of the men employed in the United States navy to ascertain their nationality, a navy department official said yesterday that enough information was in possession of the department to justify the assertion that close on to 30 per cent of them were foreigners. "We have made great progress in Americanizing the navy in the past few years," he said. "Three years ago 50 per cent of the seamen on American naval vessels were foreigners. The gain in Americans has, it is true, been made principally through naturalization, but even that is a genuine source of gratification."

"The trouble is not of getting recruits as it is in the course which congress is pursuing toward the navy. The enlisted force of the navy now amounts to 10,000 men. It was that when we had nothing but a lot of old tubs. No increase has been allowed since we began building our new magnificent warships. We had the greatest trouble in apportioning a sufficient number of men to put the Iowa in commission. We now have on hand seven new gunboats which we cannot put in commission for the lack of men. At the present time these gunboats would be of great use to the navy. We have work for them to do."

"How many additional men are needed to man all the vessels which can be put in commission by the navy department at the present time?" "We have asked for 3,000, but what we desire is a sliding scale arrangement, so that we can always have the authority to get the number of men which we need. There is no man who is built neglecting to put them into commission." "Upon further inquiry it was ascertained that the recent inquiries sent out by the navy department to lake and seaboard cities, asking for information as to the number of seamen the navy department would be able to secure on short notice, were answered by the desire of the secretary of the navy not to be caught napping in case an emergency should arise, when the enlistment of men would have to be made on short notice. In the event that congress should make provision for the enlistment of more men, it is the determination of the navy department officials that all of the new men taken into the service shall be Americans. In the event that the United States seek trouble while congress was not in session, the American navy would be taken at a great disadvantage and much valuable time would be lost before its necessities could be met."

PEACEMAKER KILLED.

Nathan Gray's Interference In a Quarrel Cost Him His Life.

MIDDLESBORO, Ky., June 23.—Nathan Gray, an employee of the United States Leather company, was shot and probably mortally wounded by Charles Agees at the home of the latter. Agees was quarreling with bystanders, when Gray came along and attempted to quiet him. This incensed Agees, who pulled his pistol and fired, the bullet taking effect in the head just below the left ear. Agees escaped, and has so far eluded the police.

FATALLY SHOCKED.

Carriage Struck by Lightning In Which Four Men Were Riding.

MAUMEE, O., June 23.—Frank Harrington, David Perrin, Henry Perrin and

The man with consumption used to be considered just as good as dead. His doctors condemned him to death just as surely as if he had been convicted of murder and must die on the scaffold at dawn. All that has been changed. There is now no reason for the consumptive to despair. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption. That is a startling statement, but a true one. Consumption is fed by impure blood. It is an accumulation of impurities in the lungs. If the blood is made pure and filled with the purifying properties of the "Discovery" there is nothing to replace the tuberculous matter that is coughed up and expectorated. Gradually the lungs become free and clear, the lung lining becomes sound and healthy, and the disease is conquered. Then begins the process of flesh building and soon the hollow cheeks are full, the step is firm and elastic, and health blooms in every feature and in every action.

"I was taken ill in February, 1902, with headache and pain in my back," writes H. Gaddis, 289, of No. 313 S. J. Street, Tacoma, Wash. "I called in a doctor and he came three times. He said it was bilious, but I kept getting worse. I took a cough so that I could not sleep any by being propped in bed. My lungs hurt me, and I got so poor that I was just skin and bone. I thought I was going to die. One day I was looking in a little book of Dr. Pierce's and I saw where the 'Golden Medical Discovery' was recommended for a cough. I tried a bottle of it and it did me so much good that I tried another one and it made me sound and well, so I can recommend it to anybody. It saved my life."

Her father shot and killed her abductor Saturday morning. It now develops that Johnson abducted her at the instance of a young man who wanted to marry her. He has left the country.

MASCOUTAH, Ill., June 23.—The wheat harvest has begun in this section of southern Illinois. Mascoutah is in the center of the great wheatgrowing section of Illinois but this year the crop is the next thing to a failure in this section. Many fields were plowed up in the spring and planted in corn, and on many others that were left the crop is now being harvested. It is estimated that the general yield in this section will be about 25 per cent of an average crop.

Tobacco Almost a Failure.

GLASGOW, Ky., June 23.—The drought, covering the lower counties in lower Kentucky and Tennessee, still continues. No rain has fallen in this counties for weeks; only 5 per cent of tobacco is planted and it is now too late to raise a crop. Oats are cut short, 40 per cent in some localities. Water is being hauled for domestic purposes.

Stabbed to Death.

SCHMERFIELD, O., June 23.—Russell Garrick and John Mercer became involved in a quarrel here and Mercer struck Garrick with a dirk knife, severing the jugular vein. Garrick died in a few minutes. Mercer gave himself up and was taken to Woodfield and incarcerated in jail.

WILLIAM SPRAGG.

Drowned in White River Near Bells Ford.

For several weeks Charley, John and
William Spragg of Bartholomew county,
have had their "shanty" boat on White
river just west of this city. They have
spent their entire time fishing and fre-
quently sold fish to the residents of
Seymour.

Yesterday evening Charley came to
town and as frequently the case with
him he stayed over time. John had
gone up to Bartholomew county to look
after some other matters of business.

Early this morning when Charley got
back to the river he saw their skiff
drifting down the stream. He searched
for his brother but could not find him.
He at once concluded that his brother
had fallen overboard in a fit of epilep-
sy, to which he was subject, and was
drowned. He hurried back to town
and told Marshal Abe Thicksten, who
with Frank Boling and others went out
to the river and began the search for
the body, which was recovered and
brought in to Husted's morgue about
noon.

Coroner Green held an inquest this
afternoon and will doubtless be ready
to report his finding this evening.

The body will probably be sent to
Bartholomew county for burial, although
that matter had not been determined
when we went to press.

Frederick Barmfuhrer Killed by a J. M.
& I. Train.

Frederick Barmfuhrer, aged twenty-
seven, was killed yesterday morning by
a J. M. & I. train a short distance south
of Garfield Park. The body was found
lying beside the track at daylight and
it is supposed that he was struck by an
early morning train. He neck was
broken and one arm fractured. The
supposition is that he had been drink-
ing and that he sat down beside the
track and went to sleep.—Indianapolis
Journal.

words that made them husband and
wife. May their wedded life be happy.

A Wholesome Soap.

Toilet soap, to be good, should be
as wholesome as food. The skin is as
sensitive as the stomach, and is as
quickly affected by impure soap as
the stomach is by unwholesome food.
With this fact in view, Alpha Cox,
the druggist, recently engaged one
of the most reliable soap makers in
the United States to prepare a speci-
al skin soap for his trade. The soap
has been received at his pharmacy, and
it proves to be all that the proprietor desired in
so essential an article of the toilet—a pure,
perfumed soap, agreeable to the skin, and
one which having once been used will be used
again, and cheerfully recommended to friends.
When you are purchasing toilet requisites
again, bear in mind Cox's Special Skin Soap.

CONVENTION AFTERMATH

THE PLATFORM.

Declaration of Principles Adopted by The
Columbus Convention.

The republicans of the Fourth Con-
gressional District of Indiana in con-
vention assembled congratulate the peo-
ple of the United States upon the
accession to power of a thoroughly pa-
triotic and American administration
and the prompt and statesmanlike ac-
tion already taken by that administra-
tion to relieve the country from the
disastrous effects of democratic folly
and misgovernment.

We reaffirm the principles enunciated
in the National republican convention
of 1896, and pledge ourselves to take no
backward step in the application of
these principles to the financial, indus-
trial and diplomatic interests of the
American people.

We express our sincere regret at the
untimely death of the Hon. William S.
Holman, by which the people of this
district have sustained the loss of an
experienced and patriotic public serv-
ant.

We congratulate the country upon
the sweeping result of last year's elec-
tion. The election of William McKin-
ley to the presidency and the republic-
an congress has brought us once more
to the threshold of a newer, better and
greater commercial condition.

We congratulate the country upon a
return of industrial thrift; upon the
opening of our mills upon the employ-
ment of our people; upon the return of
living wages and reasonable prices; and
that we are once more upon the high-
way of national prosperity.

We believe in the doctrine of protec-
tion to our home industries and declare
our allegiance to the question of tariff
as exemplified in the platforms of the
last National and state conventions.

We congratulate the American peo-
ple upon the prospect of the speedy en-
actment of a tariff law that will bring
back prosperity to the home of the
American, infuse new life into the
channels of business and furnish
sufficient revenue to pay the current
expenses of the government, without re-
sort to the questionable procedure of
issuing bonds to swell the volume of
national indebtedness.

We are opposed to any monetary pol-
icy that will give us a depreciated cur-
rency. We believe that every dollar,
whether paper, gold or silver, should be
what it purports to be, an honest 100-
cent dollar.

We endorse the administration in its
legitimate attempts to disseminate the
principles of our civil and religious gov-
ernment in every island and every
nation of the world, and we hope to see
the day when no nation can exist with-
out the cordial support and consent of
its people.

We endorse the honest and economi-
cal administration of Governor James
A. Mount.

We are in favor of real, genuine civil
service reform; but we believe the ten-
ure of office should be limited to a ten-
ure of years, so that under it there
should be no office holding aristocracy
erected by it. We denounce as a fraud
that service the placing of thousands
unqualified partisans without examina-
tion into position, and then invoking
the aid of the civil service law to keep
them there forever.

We extend our earnest sympathy to
the patriotic Cubans who are battling
for independence and self government
in the gem of the Antilles, and con-
gratulate President McKinley upon the in-
telligent action by him already taken
to open the way to better government
and enlarged liberty for the people of
that island.

We thank the people of the city of
Columbus and of the county of Bartho-
lomew for their magnificent entertain-
ment which they have extended to us
during this convention. The homes
have been opened to us; they have re-
ceived us with open arms, and we re-
gret that words will not express our
sincere appreciation of their kind-
ness.

The Way the Vote Stood.

The result of the first ballot at the
Columbus convention before any
changes were made, was as follows:

Chas. W. Lee.....113
D. A. Myers.....40
Z. T. Sweeney.....15
W. H. Cobb.....15
G. W. Allison.....18
J. T. Larimer.....13
Before the vote was announced Dear-
born changed and voted twenty-seven
for Major Lee. Ripley county followed
in the same manner as did all the other
counties. Jackson county at first gave
twenty-two votes to Lee, three to
Sweeney and one to Allison, but the
Sweeney and Allison votes were
changed to Major Lee.

Jackson County Delegates.

A large delegation of Jackson coun-
ty republicans were at the Columbus
convention. They were workers, too,
and have their full share of credit for
the splendid work done. Those who
sat in the convention as delegates were:

O. H. Montgomery,
J. A. Goodale,
Louis Schneck,
Jerry Anderson,
C. A. Day,
L. H. Balsley,
Dr. G. G. Gressle,
R. F. White,
D. W. Caine,
R. R. Short,
John Q. Foster,
John W. Hamacher,
Jesse E. Kingsbury,
John Gallimore,
W. H. Ewing,
Walter Sage,
W. W. Hayes,
L. Estep,
Isaac Smith,
Wesley Weekly,
Reason Wright,
I. T. Lee,
M. B. Singer,
Dr. Hamlin Smith,
Charles T. Benton,
W. S. Stage.

O. H. Montgomery was chairman of
the delegation, J. A. Goodale
served on the committee on order of
business, John Q. Foster on committee
on credentials and R. R. Short on com-
mittee on resolutions.

CONVENTION BRIEFS.

The nominee of the republican con-
vention, Hon. Chas. W. Lee, entered
the army as a private and was dis-
charged as a major, having served the
Union faithfully and well during the
whole war.—Columbus Star.

The Hon. O. H. Montgomery was
then called for and said he would ask
to be excused, but would be heard from
later in the campaign.—Hon. O. H.
Montgomery handles the political ques-
tion to perfection.—Columbus Star.

The convention was a harmonious
and enthusiastic gathering and the
unanimous opinion from every corner
of the district was that on Aug. 10th,
the district will be redeemed from the
hands of the democracy.

If the feeling manifested yesterday is
any indication of the drift of public sen-
timent, there is not the slightest danger
of the customary reaction that follows
a political "landslide" and the district
is undoubtedly going republican.—Ver-
non Journal.

The lamented Holman received hun-
dreds of republican votes almost every
time he ran because of his friendship to
the old soldiers. None of these will
support Griffith, but are all expected to
stand loyally by their comrade.

Hurrah for Charlie Lee.—Madison

The readers of this paper will be
pleased to learn that there is at least
one dread disease that science has
been able to cure in all its stages, and
that is catarrh. Hall's Catarrh Cure is
the only positive cure now known to
the medical fraternity. Catarrh being
a constitutional disease, requires a con-
stitutional treatment. Hall's Catarrh
Cure is taken internally, acting directly
upon the blood and mucous surfaces of
the system, thereby destroying the
foundation of the disease, and giving
the patient strength by building up the
constitution and assisting nature in do-
ing its work. The proprietors have so
much faith in its curative powers, that
they offer one hundred dollars for any

John P. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at W. F. Peter's drug store.
